

**RESPONSE TO QUESTION 42a: REGARDING USE
OF NON-U.S. LICENSED SATELLITES**

PanAmSat Licensee Corp. operates earth stations that: (1) are eligible for routine processing; and (2) communicate with non-U.S. licensed satellites that have been added to the Permitted Space Station List and, thus, are authorized points of communication under Section 25.137 of the Commission's rules.
